SPRING.

The cold white snow has faded fast,
And stilled now is the wintry blast;
Where erst it lay, that cold, dull snow,
The pale pink primrose now doth blow.
The first of her frail sisterhood.

The rivulet's icy chains are burst;
It flows in joy and grace at first,
Then bubbling, sports in merry glee
And singing aloud at being free.
And whispering to the sprouting grass,
"Come, weave a carpet where I pass."

The violets, tinted like the sky,
Seem freshly fallen from on high,
And bloom in every shady nook,
Fair Spring through those blue eyes both look
Upon the glad, happy earth,
To which she brings joy and mirth.

"Mild purple clover graze the herds;
Mid fresh, green branches sing the birds,
And now the heart, too, grows gay,
Flowers of old sorrows day by day,
And praises God with gladness rife,
For Spring and flowers and earth are life!"

THE GENERAL BANKRUPT LAW.

This is a matter of general interest, and has been differently rendered and criticised by the journals of this State. We give the following from the New York Herald as the most correct and condensed summary of the main bill as well as the most appropriate commentary thereon, we have seen:

"The Thirty-ninth Congress has left behind it one legacy for which the people will be grateful. The passage of the Act to establish a uniform system of bankruptcy throughout the United States will afford general satisfaction, and prove a valuable boon to the country. While some of the features of the law—for its final approval by the Executive may be regarded as certain—may require alteration or amendment, its enactment in an imperfect shape will be universally conceded to be preferable to its defeat.

The jurisdiction in bankruptcy cases is given by the Act to the several District Courts of the United States, with the United States Circuit Courts acting in a supervisory capacity as Courts of Equity. The Judges of the District Courts will be assisted in the performance of the duties imposed upon them by Registers in bankruptcy, who are required to be counselors of those courts, or of some of the Courts of Record of their several States. The power of the Registers is limited, and provision is made for reference of disputed questions to the District Court Judges, and for appeals from the District Courts to the Circuit Courts, and from the latter, in cases where the matter in dispute shall exceed two thousand dollars, to the Supreme Court of the United States.

There are two kinds of bankruptcy contemplated by the Act: voluntary and involuntary. In the former any person residing within the jurisdiction of the United States, owing over three hundred dollars and finding himself insolvent, may apply by petition to the Judge of the district in which he has resided for the six months preceding the date of the petition, or for the longest period during such six months, and shall thereupon be declared a bankrupt. The creditors, having been properly notified by the Court, meet together and appoint one or more assignees of the estate of the debtor; the choice to be made by the greater part in value and in number of the creditors who have proved their debts, or in case of failure to agree, then by the District Judge, or where there are no opposing creditors, by the Register. The whole affairs of the bankrupt pass into the hands of the assignees, who have full powers granted them necessary for the collection of all debts and the final adjustment and closing up of the estate. Stringent regulations are made for the proper deposit and safe keeping of all moneys received from the estate; and where delay is likely to occur from litigation in the final distribution of the assets the court is empowered to direct their temporary investment. The bankrupt is liable at all times to be called for examination on oath upon all matters relating to the disposal or condition of his property or to his business transactions, and, for good cause shown, his wife in y in like manner be compelled to attend as a witness in the case.

In the distribution of the bankrupt's estate dividends are to be paid as agreed upon by a majority in value of the creditors, from time to time, at three months intervals, but the following claims are first to be paid in full: First, the fees, costs and all expenses under the Bankruptcy Act; second, all debts, taxes and assessments due to the United States; third, all State debts taxes and assessments; fourth, wages due to any operative, clerk or house servant to an amount not exceeding fifty dollars for labor performed within six months preceding the bankruptcy; fifth, all debts due to any persons who are or may be entitled to preference by the laws of the United States. The voluntary bankrupt is entitled to his

discharge provided no fraud is proved against him, at any time from sixty days to one year after adjudication of bankruptcy; but the proof or discovery of any fraud or concealment deprives him of the right to discharge. No person who has once received his discharge is to be entitled again to become a voluntary bankrupt, unless his estate is sufficient to pay 70 per cent. of his debts, or unless three-fourths of his creditors assent in writing to his bankruptcy. Preferences or fraudulent conveyances are declared void by the Act, and suitable provisions are made for the voluntary bankruptcy of partnerships and corporations.

The exemptions under the law are as follows: "The necessary household and kitchen furniture, and such other articles and necessities of such bankrupt as the assignee shall designate and set apart, having reference in the amount to the family, condition and circumstances of the bankrupt, but altogether not to exceed in value, in any case, the sum of \$500; and also the wearing apparel of such bankrupt, and that of his wife and children, and the uniform, arms and equipments of any person, who is or has been a soldier in the militia or in the service of the United States; and such other property as now is or hereafter shall be exempted from attachment or seizure or levy on execution by the laws of the United States, and such other property, not included in the foregoing exceptions, as is exempted from levy and sale upon execution or other process or order of court, by the laws of the State in which the bankrupt has his domicile at the time of the commencement of the proceedings in bankruptcy to an amount not exceeding that allowed by such State exemption laws in force in the year 1864.

THE LIGHT OF THE WORLD.

DR. MAGGIEL'S

PILLS AND SALVE!

These Life-giving remedies are now given to the world. For over a quarter of a century of private practice the ingredients in these

LIFE-GIVING PILLS!

Have been used with the greatest success. Their mission is not only to prevent disease, but to cure. They search out the various maladies by which the system is suffering, and re-invigorate the failing system. To the aged and infirm a few doses of these valuable PILLS will prove to be

A VERY FOUNTAIN OF YOUTH.

For in every case they add new life and vitality, and restore the waning energies to their pristine state. To the young and middle-aged, they will prove most invaluable, as a ready, specific, and standing medicine. Here is a dream realized, that Ponce de Leon found, his fabled fountain, that would restore the old to vigor and make youth ever

AN ETERNAL SPRING!

It was left for this day and hour to realize the dream, and show in one glorious instant, the magic that made it fair.

THESE FAMOUS REMEDIES!

Cannot stay the flight of years, but they can force back and hold aloof diseases that might triumph over the aged and the young. Let none hesitate then, but seize the favorable opportunity that offers. When taken as prescribed—

FOR BELIOUS DISORDERS

Nothing can be more productive of cure than these Pills. Their salutary influence is felt at once; and the usual concomitants of this most distressing disease are removed. These remedies are made from the two purest

VEGETABLE COMPOUNDS.

They will not harm the most delicate female, and can be given with good effect in prescribed doses to the youngest babe.

FOR CUTANEOUS DISORDERS

And all eruptions of the skin, the SALVE is most valuable. It does not heal internally alone, but penetrates with the most searching effects to the very root of the evil.

UNION COUNTY CENTRAL COMMITTEE.

The Union County Central Committee of Placer county will meet at the office of Hale & Fellows, in Auburn, on

Thursday, the 25th day of April, 1867 at 11 o'clock A. M., for the transaction of important business. A full attendance is requested.

Wm. Sexton, Sec'y.
Auburn, April 15th, 1867.

THE CONTEST IS UPON US.

All wise men build at the foundation. They lay their hands to the elements that are plastic. True politicians do their work before the primaries or at them. They confer together and suggest the names of delegates; they are generally men of positive opinions who are in favor of some one candidate for a county office, next for a county ticket, a "state" if you please. Generally, too, they have their preference for some State officer, usually for a citizen of their own county, after that, they may or may not have or express a preference for the head of the State ticket—sometimes for other candidates whose names are before the people. The elements are already in motion in our country. In respect to some of the most important county offices the contest is settled, or nearly so, already. The hope of a thorough organization and drawing out a full vote of the party hangs largely upon the activity of the candidates, for which we owe them a debt of gratitude; and they shall be remembered. For, disguise it as we may, very many American citizens care too little for the general interest for the country, and can be roused only by appeal and personal friendship. Often, the two are perfectly consistent and co-existent: it is entirely legitimate for any freeman, capable and honest, to offer himself for office, to urge his claims, to interest his friends in his behalf, and to get them elected if possible. Any man who is above mingling here in the contest may as well retire from politics. Here, principles and choices crystallize around names, men, candidates. Here, the work of organization goes on and the fate of States and Nations is settled. It is the glory of every voter that here he may make his voice and vote potential. Now is the time to talk, work and fight. If you have principles, assert them now, pledge the delegates to their utterance, put them into resolutions to be adopted by the party. If you have a choice among the candidates proclaim it now; give currency to their virtues and get the people on your side, or forever hereafter hold your peace. The more you work now the less growing hereafter. If you hate villainy or detest mediocrity of talent give vent to your indignation words, and lay about you with the weapons of reason and argument. Now, and here, each man may make his influence felt, in a few weeks the time will be past; the candidates and platform will have been adopted, and past cure. All that will then be left to do will be to make the simple choice between parties. It is as good as settled already that the delegates from this county to the State Convention will present the name of J. E. Hale for the office of Secretary of State, and what is more he will be nominated. There will be hardly a respectable array of votes for any other candidate yet named, and it will be useless to start a new man at this stage of the contest, certainly none more able, faithful, true or deserving can be found. We repeat, now is the time to do all your work inside the Union party. But few voters remain to go upon the Great Register, let them urged constantly till they are registered. Let all the work of fixing principles, and selecting men for office be thought of, discussed, arranged and settled now.

RAILROAD EXCURSION.—The cars of the Central Pacific Railroad numbering sixteen passenger cars made the excursion trip from Sacramento to Cisco and back on Sunday last. We judge that there were about 1,200 persons on board, who appeared to fully enjoy the rich and romantic scenery presented to their sight on the line of the road. When the train arrived at Cisco, the denizens of the valleys made the most of the time by soundly punning each other with snow-balls. Everything, as far as this place and back, passed off agreeably, nothing occurring, that we heard of, to mar the general good feeling of the large number of pleasure-seekers. The necessity for traveling to foreign countries in order to witness grand mountain scenery of snow capped mountains, deep gorges, rushing torrents, romantic and picturesque lakes, etc., no longer exists. We have it all here made to hand, and to an infinitely greater extent; and can be enjoyed for the trifling sum of three dollars in United States silver coin. Another excursion to Cisco will take place to-day for the benefit of the sixth street Congregational (Sacramento) church. Tickets from this place and back, two dollars.

MATTRESSES.—The Eureka Hair Company of this place are filling an order for a large number of beds for a new hotel at Crystal Peak, Nevada. Marriagable young men can obtain double mattresses in large quantities at this establishment, of the best quality, cheap for cash. *Verbum sat sapienti.*

CONNECTION.—We stated on Saturday last that the citizens of Gold Run would give a ball, since that time we learn that such is not the case; Mr. Hackett gives the ball and the citizens—as many as please—attend it. Mr. H. taking the entire responsibility of making it a success. This is a small matter, but we prefer being right as we go along.

LATE EASTERN PAPERS.—Major Stratman has been impressed with a sense of his known liberality by sending us a large package of eastern papers and periodicals. No man who so proverbially remembers the printer can entertain a doubt as to his certain salvation.

A GREAT QUESTION.—Shall women ride astride? We call for a division.

LETTER FROM COLFAX.

COLFAX, April 23d, 1867.

Mr. Editor:—I perceive that the *Stars and Stripes* plunges and flounders and calls you "grouty," for giving Sol Kirk the deserved rebuke you did. His voluntary advice to the candidates from this township, and his attempted witticisms at their expense were entirely uncalled for and showed but poor taste. It seems to me that the duty of that paper would be better discharged by discussing and advocating the principles of the party it espouses and leave entirely to the masses of that party the selection of its candidates, that in keeping up the continued chatter about *locality* and the merits or demerits of this particular man or place. All this talk that we have had about localities—this place should have that and this place that—has appeared to me to be senseless in the extreme. What the people require are, good and competent men and for them to reside during a certain time at a designated place—the county seat of the county; and it matters not to them in what portion of the county they had before resided. If we elect a citizen of this township to a county office, he resides in Auburn from the time of his entrance upon the duties thereof; we lose, henceforth, a citizen, and that place acquires one. If that gentleman was our favorite then, performed his duties well, and after serving his term desired again to be a candidate, would we be right in permitting the question of locality to operate against him? Township No. 4 presents a number of candidates, all gentlemen of standing and well qualified for the positions to which they aspire, and I hold that no injustice would be done to other sections by the selection of them all, even though it filled the larger portion of the ticket. We have the largest population and the largest and truest Union majority of any other township, but it is not for this we should lay claim to position, but to the genuine merits of our men—merits displayed in the advocacy of correct principles and in the assistance given to their advancement. It will be remembered that this has been a "Democratic" township—steeped in the sin attached to their despisable organization. From that it has been reformed and placed in its present, enviable position. To what then is this change owing? It must be to the wisdom and prudence of our leading men. These leaders are now presented for position by their friends; their work as private men in this township is before us and shows for itself. What they would do for the entire county can be imagined if we place them in the commanding position of county officers. Would it not then be an act of wisdom for the people to discard, now and forever, the hackneyed word of *locality* and look to the true question in the case. I trust they will so consider, and that merit alone will rule in the premises. Let us hope so, at least! Let us present our candidates with their fair and unvarnished record—not as citizens of this particular place but of the entire county, and let us ask a careful weighing of their claims and be satisfied with the result.

LO! THE POOR INDIAN.
We have here, as you are aware, the wreck of an aboriginal tribe. It is but a wreck indeed! I can remember the time when these woods and valleys were alive with fine and portly Indians, who bore themselves proudly as the equal of any one who passed this way. They were then temperate, virtuous and brave. But alas, there has been a sad change; we no more see the tall commanding form as of yore, but instead, the bloated carcass of a wreck of humanity. Contact with the "white trash," and the dissipating habits copied have brought this about. They are now a mere handful and this handful a disgrace to the people to see. Last Sunday I witnessed a scene that was revolting to every sense of decency. In the suburbs of the town, on the slope of the large hill were gathered together a collection of bucks and squaws in a beastly state of intoxication. They were cursing and swearing and indulging in the lowest style of conversation. Where they learned it I do not know, but evidently from the lowest specimens of our race. I also observed a few animals, (I can't call them men) in human shape, not far distant, apparently attempting to hide from view, and at once concluded that it was from this source that the liquor had been obtained. Returning slowly home I could but think of the sad scene, and my thoughts tended to make me ashamed of the degradation to which a portion of the white race had descended. Cannot such things be stopped? We have good, stringent laws; cannot our officers enforce them? I trust our Costable will pay some attention in the future to such affairs and that an example be made of the offenders. If it has no other result, it will preserve, for a limited time at least, this remnant of the once ruling race. After robbing them of all their possessions it seems that we owe them this at least.

WITHDRAWN.
I learn that Judge Brown has withdrawn from the contest for Recorder, and will support Lyon. This is well. I think the old man stood little show in the contest against Walter, and has adopted the prudent course. As for Lyon, it is conceded by all who have had any business transactions with the Recorder's office, or knowledge thereof, that he is the most deserving that has filled that position; fully competent, and extremely accommodating. It would be an impossibility to replace him with a better, and it is a wise saying and should in public affairs be acted upon, "to let well enough alone."

Yours, OCCASIONAL.
REDUCED.—The subscription price for the Marysville Daily Appeal has been reduced to ten dollars per annum. The Appeal is an able and sound exponent of Union principles, and we wish it every success commensurate with the enterprise and liberality of its proprietors.

LETTER FROM YOU BET.

YOU BET, April 19th, 1867.

Mr. Editor:—The weather has undergone quite a favorable change since my last. Spring, glorious Spring has come, and has broken the icy chains of Winter, and in place of a cold north wind blustering around us, we are in the full enjoyment of a soft, balmy air, with a clear sky and a warm sun which appears to give new vitality to every branch of business, more especially to

MINING.

The old Daile & Webster claims, on Brown's Hill, are worthy of some notice. This ground has been worked for some years, but always without any success or profit to the owners, until this season, when Mr. Ed. Williams, became the owner of the ground, who by the way, is one of the most enterprising and energetic men in our community, and under his management the claim is now paying \$20 per day to the land. Thus, it can be seen, that the fault is not always in the ground, because it does not pay. Proper management is often the only thing required to make a hydraulic claim pay. George M. Nickell, who has been one of the most fortunate and successful hydraulic miners in this place, cleared up \$1,800 after a run of ten days with an expense of about \$700, leaving him the snug little sum of \$1,100 or over one hundred dollars per day for his profits.

SLICE-ROBBERING.

There are other hydraulic claims that have just started in to work and whose prospects are flattering. But these "honest miners" often meet with more than their share of misfortune. Slice-robbering has become almost a daily occurrence, and so far, the thieves have, in every instance, been successful in getting away with their booty. The slice of A. J. McNally was cleaned up a few nights ago while the men were at work in the claim and a full head of water running in the sluice; the thieves cut away one side of the box or sluice, within one hundred and fifty feet of the men and turned out the water, then deliberately went to work and cleaned up the sluice, taking with them, as it is estimated, about one thousand dollars, leaving McNally to pay the expenses out of what they did not get. A few nights before, the slice of J. Simmons was also cleaned up in the same way. But these depredations are not confined to sluices alone; on the night of the 15th the kitchen of the Kennebec Hotel was entered and robbed of everything in the line of provisions. The robbers were evidently preparing themselves with a cold repast previous to making a raid on some well-paying flume. But the sagacious landlord made amends in part for his loss, as short rations has been the unpleasant issue to those who had the misfortune of answering to his going, and are praying that the thieves may never become hungry again.

FIRE AT RED DOG.

Our neighboring town, Red Dog, has been visited again by a fire burning up two Jew stores and considerably damaging the brick store of M. J. Hydelliff. The fire broke out this morning at 4 o'clock in the store owned and occupied by one, E. Mundel, a Jew who does not bear a very good reputation where he is best known, and it is generally believed that the building was set on fire by his own hands. This belief is not confined to only one or two but the entire community are well satisfied that such is the fact, and that he done so to obtain the insurance on the building and stock which was insured in the sum of \$5,000. So decided is the opinion that Mundel applied the torch himself that the citizens of Red Dog had him arrested this morning on the charge of arson, and he will have a hearing to-morrow morning at ten o'clock, before Justice Schutt, of Little York. District Attorney Caldwell came up this evening to try the case, when the matter will be thoroughly investigated, and it is hoped that if he is the perpetrator of this heinous act he will be punished to the fullest extent of the law. Had it not been for the brick store of M. J. Hydelliff and the indomitable will and untiring energy of the citizens the entire town would have been in ashes in a few minutes, from which it had so lately risen. The loss is not heavy, and I believe all insured. Damage to M. J. Hydelliff's store, \$600; H. Henderson, building, \$400; E. Mundel, building and stock of clothing, \$1,800. Yesterday I had the pleasure of meeting our friend Dr. Turney, formerly a resident of Red Dog and latterly of your town. The Doctor has just come back from the Atlantic States where he has been living the last seven years. He is looking fine and thinks he will make his future home in California.

A most sad and distressing death occurred in one of the Pioneer stages while on the road from Virginia City to Chico on the 10th inst. Mr. Smith with his wife and child had started for Sacramento from Virginia on the day mentioned. Mrs. Smith being in delicate health. When near Crystal Peak she remarked to her husband that she felt better than she had for months, and he anticipated nothing serious. On arriving at the stage station, however, he was horrified on beholding his wife cold in the embrace of death. No words of grief can convey to the mind of the reader a fullness of the sorrow and pain caused by so sudden a transition from life to death in a beloved wife. She leaves, besides her husband, an infant about four months old.

SUMMER HAS COME.—Last Monday brought out their first coats, and the street sprinkler. The martins had been here for some time, but the 23d was the first hot day of the season. We may look for showers, and perhaps a snow storm yet, but whatever may come, we are certain of one warm day.

LETTERS OF THE LATE JOHN B. URMY.—Captain John B. Urmey, who committed suicide in San Francisco on the 17th inst. by taking laudanum left the following letters to his wife and daughter:

WEDNESDAY AFTERNOON, April 17, 1867.
My Dear Kate: You will allow me to use the expression for the last time. I have hoped against hope, and now finish the story. We have lived together near twenty years, have loved each other and have suffered together. The climax has been reached and you are right. Take good care of Kitty. Please accept the enclosed ring which you gave me. If you can induce our child to accept the "badge" which I enclose, do so for the sake of the dear old times when we were innocent. Good-bye, my only loved one.
JOHN B. URMY.

The following letter is to his daughter:
San Francisco, April 17, 1867.
My Darling Daughter: Remember that your mother is one of the best women now on earth and also remember that she is perfectly capable of advising you under all circumstances. Do as she tells you and you are safe. Remember your father once in a while and think of him kindly.
JOHN B. URMY.

DAILY FLAG.—We have received the first No. of the Daily American Flag, issued on the 18th inst., being a resume of its former issue after a suspension of four months. The number before us presents an elegant typographical appearance, and is well filled with readable matter. We wish them that success that industry and indomitable perseverance should command. It is now half the size of the Alta California.

SHOT.—A man named Wiley was shot recently, says the Shasta Courier, by the Sheriff of Tehama county for resisting an arrest. Wiley was a hog-thief and had stolen fifty-three hogs a short time before.

We gave our namesake (Oakland News) credit for more sense than it has displayed on this subject. —Gold Hill News.

Rather a doubtful compliment, we should say; when the source is considered. Should be looked at in the same light as the expression attributed to the lion when the jackass kicked him.

All the machinery for the cement mill of King & Bros. has arrived.

CONSTABLE'S SALE.

BY VIRTUE of an Execution to me delivered and directed on the 25th day of March, 1867, issued out of the court of E. Aubrey, a Justice of the Peace in and for Township No. 4, County of Placer and State of California, on a judgment rendered in said court on the 25th day of September, 1866, in favor of J. O. Higley, and against A. A. Ferguson, for the sum of \$67.83 in Gold Coin of the U. S. with \$10.37 interest, and for costs of suit taxed at \$19.62, I have this day levied upon and will expose to public sale, to the highest bidder for cash, in front of the Justice's Office, in Dutch Flat,
On Wednesday, April 24th, 1867,
At the hour of 11 o'clock, A. M., all the right, title, interest and claim which the said A. A. Ferguson had on the 15th day of September, 1866, in and to the following described property, to wit: One lot or parcel of land, situated in the town of Dutch Flat, Township No. 4, Placer County, State of California, and bounded on the North by E. B. Boust's lot; on the South by Mrs. McCulloch's lot; on the East by Sacramento Street and extending back 20 feet more or less. All of which named and described property I shall sell as aforesaid, or so much thereof as may be sufficient to satisfy the above judgment together with the costs due and to become due thereon.

"JES SO!"—"EXACTLY!"—Solon Shingle said; they were there "every time." If he felt "owley" in the morning, he took Plantation Bitters; if he felt weary at night he took Plantation Bitters; if he lacked appetite, weak, languid, or mentally oppressed, he took Plantation Bitters and they never failed to set him on his pins square and find.

A few bottles of PLANTATION BITTERS will cure Nervous Headache,
Cold Extremities and Feverish Lips,
Sour Stomach and Fetid Breath,
Flatulency and Indigestion,
Nervous Affections,
Excessive Fatigue and Short Breath,
Pain over the Eyes,
Mental Despondency,
Prostration; Great Weakness,
Sallow Complexion, Weak Bowels, &c., which are evidences of

Liver Complaint and Dyspepsia.
After a long research, we are able to present the most pleasant, the most remarkable cure for those horrid nightmarish diseases the world has ever produced. Within one year over six hundred and forty thousand persons have taken the Plantation Bitters, and not an instance of complaint has come to our knowledge.

It is a most effectual tonic and agreeable stimulant, suited to all conditions of life.
The report that it relies upon mineral substances for its active properties are wholly false.
The original quality and high standing of these goods will be sustained undervary and all circumstances. They have already obtained a sale of 100,000 bottles, parishes and hamlets among civilized nations. Base imitations try to come as near our name and style as they can, and because a poor article cannot be sold as well as a good one, they find they sell. Be on your guard. REDINGTON & CO'S

ESSENCE OF JAMAICA GINGER.

THIS valuable preparation, containing a highly concentrated form all the properties of the Jamaica Ginger, has become one of the most popular domestic remedies for all diseases of the stomach and digestive organs.
As a tonic it will be found invaluable to all persons recovering from debility, whether produced by fever or otherwise, for whilst it imparts to the system all the glow and vigor that can be produced by wine or brandy, it is entirely free from the reactionary effects that follow the use of spirits of any kind.

It is also an excellent remedy for females who suffer from difficult menstruation, giving almost immediate relief to the spasms that so frequently accompany that period.
It gives immediate relief to Nausea, caused by the riding in a railroad car, or by sea-sickness, or other causes. It is also valuable as an external application for Gout, Rheumatism, Neuralgia, etc.

HOT FOR THE AFFLICTED.

In another part of this paper will be found the advertisement of the celebrated Institute established by Dr. J. C. YOUNG, in 1850. In this age of deceit and charlatanism it is a boon to the suffering to point out to them where they are sure of obtaining the wished for relief and cure. Under the care of this skillful Doctor the sick and troubled can divest themselves of their burdens of pain; by aside their crosses, and secure health and happiness. If you are sick or in trouble, do not hesitate. Read the advertisement and follow the advice. Do not forget the number or the manner of directing your letters. MEDICAL ADVICE.—DR. W. R. DOBNEY'S Medi-

cal and Surgical Institute is becoming a sine qua non to the welfare of our State and health of our citizens; and its rapidly spreading reputation, although it may excite surprise, is but the signal of skill, and follows as the natural result of such a cause. We are personally acquainted with gentlemen who had suffered for years under chronic disease, and who had taken advantage of every available means that promised relief, but without success, until they called upon Dr. Dobney, who, in an incredibly short space of time, has given them entire relief. It is gratifying to announce this fact, because the Dr. is a gentleman who seeks, not by deception, to establish his reputation or ruin of another's fame. The Doctor conducts his own Institute in such a manner must be gratifying to all his patients. He examines, advises, and recommends different changes, and the patient, after hearing his terms for treatment, can accept or reject at pleasure. In no case does the Doctor make a charge unless he effects a cure. This he is able to do, because of his confidence which long experience has given, and no doubt the consolation which appertain to that confidence. Persons afflicted with either acute or chronic disease, would do well

FRENCH MEDICAL OFFICE.

Dr. JULIEN PARNATT, Doctor of Medicine of the Faculty of Paris, Graduate of the University Queen's College, and Physician of the St. John Baptist Society of San Francisco.

Dr. Parnatt has pleasure in informing patients, and others seeking confidential medical advice, that he can be consulted daily at his office, Army Hall Building, North-East corner Montgomery and Sacramento streets, San Francisco, Rooms No. 9, 10, 11, first floor, opposite entrance either Montgomery or Sacramento streets.

Dr. Parnatt's studies have been almost exclusively devoted to the cure of the various forms of Nervous and Physical Debility, the results of injuries, habits acquired in youth, which usually terminate in impotence and sterility, and permanently induce all the concomitants of old age. Where a secret infirmity exists involving the happiness of a life and that of others, reason and morality dictate the necessity of its removal, for it is a fact that premature deaths in cases, the germ of which is planted in early life, and the bitter fruit tasted long afterwards; patients, laboring under this complaint, complain of one or more of the following symptoms: Weakness of Enervation, Pains in the Back and Head, Weakness of Memory and Sight, Discharge from the Urethra on going to stool or making water, the Intellectual Faculties are Weakened, Loss of Memory, Ideas are clouded and there is a disinclination to attend to business, or even to reading, writing or the society of friends, etc. The patient will probably complain of Dizziness, Vertigo, and that Night and Morning are Weakness and Sleep disturbed by dreams, melancholy, sighing, palpitations, fainting, convulsions and slow fever; while some have a chronic rheumatic pain, and numbness of the body. Some of the most common symptoms are: Pains in the face and aching in different parts of the body. Patients suffering from this disease, should apply immediately to Dr. Parnatt, either in person or by letter, as he will guarantee a cure of Seminal Debility and Impotence in six to eight weeks.

Patients suffering from venereal diseases in any stage, gonorrhea, gleet, stricture, bubo, chancre, Quinsy, etc., should be treated successfully. All Syphilis and Mercurial Taints entirely removed from the system.

Dr. Parnatt's diploma is in his office, where patients can see for themselves that they are under the care of a regularly educated practitioner. The best references given if required.

Patients suffering under chronic diseases, can call and examine for the natives. We invite investigation, but we do not claim that in all cases taken under treatment we fulfill our promises. We particularly request those who have tried this boasted doctor, and that a disinterested physician, till worn out and discouraged, to call upon us.

Low charges and quick cures.

Ladies suffering from any complaint incidental to the sex, can consult the doctor, with the assurance of relief.

Female Monthly Pills.

Dr. Parnatt is the only agent in California for Dr. BERT'S Female Monthly Pills. Their immense sale has established their reputation as a female remedy, unapproached, and far in advance of every other remedy for suppressions and irregularities, and other obstructions in females. On the receipt of five dollars, these Pills will be sent by mail or express to any part of the world, secure from curiosity or damage.

Persons at a distance can be cured at home, by addressing a letter to Dr. Parnatt, corner of Sacramento and Montgomery streets, Rooms, 10 and 11, or Box 323, P. O. San Francisco, stating the case minutely, as possible, general habits of living, occupation, etc., etc.

All communications confidential. Jo 33-17

MEDICAL.
DR. CHAS. H. TOZER'S
PRIVATE MEDICAL INSTITUTE,
N. E. Corner of Kearny and Jackson Streets,
SAN FRANCISCO.

The Great Eradicator of Special complaints, form
ery of Locke Hospital, London, Eight Years in
Savannah, and the last Four Years in San Fran-
cisco.

DR. TOZER'S
Experience is of forty years' standing, and during
that time he has not met with a single case of
the treatment of all those diseases generally known
as Venereal or Chronic.

It is impossible here to mention all the diseases
with which he is familiar; some, perhaps, will not
be out of place. The most formidable, the most de-
structive to mankind is Self-Abuse. The brain be-
ing the seat of the disease, the whole system suffers
in consequence. I will here enumerate some of the
symptoms, so that those afflicted may be able to form
an opinion in regard to their complaints and seek
aid in time, thereby saving themselves a world of
suffering: Nervous Debility, Loss of Memory, Pain
in the Limbs and Back, Palpitation of the Heart,
Trembling of the Limbs, Headache and an aversion
to general society, especially that of females. There
are a great many more, but these are sufficient, and
should you be suffering from any of them, call on Dr
TOZER, and he will cure you in a short time, with-
out any interruption to your business—or state your
case by letter, and there will be no occasion for your
calling at the office.

Stricture of the Urethra
Is another formidable enemy to health. Send for one
of my circulars on that disease, and inform yourself
of its terrible results. The worst cases cured in a
few days.

Veneral Diseases.
In all their various forms, either Primary, Second-
ary, Hereditary, completely eradicated from the
system. Your constitution being restored to perfect
health, there will be no danger of handing down to
your children that terrible disease known as Scrofula.

Syphilitic Disease.
As it presents itself on this coast, is of a more for-
midable character than that seen in the Atlantic
States or Europe, arising from the fact of its being
a compound of Spanish, Chinese and Sandwich Is-
land disease. Those of you who have visited the
coast no doubt have seen the dreadful effects of
it on the native and foreign population. It requires
altogether different modes of treatment.

The Old Formulas
Of Ricord, Acton and Bostwick, are of little account,
except to drop the disease on the surface, leaving
the poison in the blood, which, sooner or later, will
show itself as a secondary disease in an aggravated
form. These facts I have learned by experience, and
think I can say without boasting, that I have
seen more practice in these diseases than any other
physician in San Francisco, dating as it does, from
1848. It becomes you, therefore, to think well before
you employ a physician. Who is the proper one
to consult? An old experienced one, or one who has
recently settled among you?

My plan is purely vegetable, destroying the dis-
ease and purifying the blood so that there is no dan-
ger of secondary symptoms.

Rheumatism, Neuralgia,
And diseases arising from the use of Mercury, such
as palsy in the skin, swellings of the differ-
ent parts of the body, running sores, etc., and im-
purities of the blood, cured in a short time by the
use of my VEGETABLE MIXTURES, known only to
myself.

Seminal Weakness.
Should you be afflicted with any of the following
symptoms, such as weakness of the Back and Limbs,
Pain in the Head, Dimness of Vision, Nervousness
and General Debility, Loss of Memory, Confusion
of Ideas, and Depression of Spirit, call on Dr. TOZER,
and he will cure you in a short time, with-
out any interruption to your business—or state your
case by letter, and there will be no occasion for your
calling at the office.

To Females.
When you are afflicted with Weakness of the Back
and Limbs, Head, Loss of Muscular Power, Palpita-
tion of the Heart, Irritability, Nervousness, Ex-
cessive Urinary Difficulties, Derangement of the
Monthly Secretions, Sterility, and other diseases pec-
uliar to females, consult Dr. TOZER, and you will
receive particular attention. Let no false delicacy
prevent you, but apply at once, and save yourself
from painful suffering and premature death.

My rooms are so arranged that there is no danger
of exposure, and of meeting any one save the Doctor
and his attendant. My Female Monthly Pills were re-
cently known to fail in giving relief to those cases for which
they are recommended. To be obtained only at my
office.

Price, FIVE DOLLARS—with full directions on
each Box. Sent by Mail or Express.

To Correspondents.
Patients of either sex, residing in any part of the
country, however distant, who may desire the opin-
ion and advice of Dr. TOZER, can, by submitting a
written statement of their case to the Doctor, receive
all the attention and medicines necessary to effect a
cure without the necessity of a personal interview.
All letters strictly confidential, opened and replied to
by the Doctor himself.

Consultation at the office or by letter, FREE.

**A Grateful Acknowledgment to Skill-
ful Gentlemen.**
SAN FRANCISCO, June 1, 1886.

Dr. Chas. H. Tozer—Dear Sir: You will excuse me
for not writing to you sooner. You will please
remember me to the individuals who called on you for
assistance about a year ago. The root of my trouble
had completely rotted out, and my palate dropped
and there remained, stopping up the passage so that
I could hardly eat. You remember you cut it out at
once, which relieved me immediately, and I was en-
abled to swallow my food, and in a short time be-
gan to improve. I took your medicine, and followed
your directions for several months. I am now
able to stop the disease, saving my nose and
upper lip, though you frequently cautioned me
about losing it. I continued to improve until you
finally recommended me to go into the country, re-
solving to go, by your advice, I had a cast taken of
my mouth, in order that I could have a plate made
for me to enable me to speak so as to be understood.
I am now using it. My eternal thanks are due
to you for the perseverance and skill that you dis-
played in my case; and I have to thank you for my
restored health, and even my life, as I was very
near bleeding to death several times from the nose.
I am now in Sacramento City, enjoying good health,
and I shall recommend all my friends to call on you
should they be so unfortunate as to require assis-
tance; and I would advise all persons to avoid cer-
tain scientific doctors in your city, for they will
send them to a land from whence no traveler re-
turns.

With my best wishes for the success of both of
you, I remain, yours, etc.,

MEDICAL.
PRIVATE MEDICAL AID.
QUICK CURES AND MODERATE CHARGES.

DR. W. K. DOHERTY'S
Private Medical and Surgical Institute
Sacramento Street, below Montgomery, opposite the
Pacific Mail Steamship Company's Office. Private
entrance on Leidesdorff street, San Francisco.

Established expressly to afford the afflicted sound and
scientific medical aid in the treatment and cure of
all Private and Chronic Diseases, cases of Se-
crecy and all Sexual Disorders.

TO THE AFFLICTED.
Dr. W. K. DOHERTY returns his sincere thanks to
his numerous patients for their patronage, and
would take this opportunity to remind them that
he continues to consult at his Institute for the cure
of chronic diseases of the Lungs, Liver, Kidneys,
Digestive and Genito-Urinary Organs, and all pri-
vate diseases, viz: Syphilis in all its forms and
stages, Seminal Weakness, and all the horrid con-
sequences of self-abuse, Gonorrhea, Gleet, Stric-
ture, Nocturnal and Diurnal emissions, Sexual
Debility, Diseases of the Back and Loins, Inflam-
mation of the Bladder and Kidneys, etc., etc., and
he hopes that his long experience and successful
practice will continue to ensure him a share of pub-
lic patronage. By the practice of many years in Eu-
rope and the United States, he is enabled to apply
the most efficient and successful remedies against
all kinds. He uses no mercury, charges
moderate, treats his patients in a correct and hon-
orable way, and has references from men of knowl-
edge, respectability and high standing in society. All
parties consulting him by letter or otherwise, will
receive the best and quickest treatment, and im-
plicit success.

Dr. DOHERTY would call attention to the follow-
ing certificates from two of his patients, who, hav-
ing fully recovered their health, desire to make
known their remedial agent. It will be seen their
statements are fully authenticated by a Notary
Public.

The welfare of society imperiously demands their
publicity and they are given more to warn the un-
wary than to add the praise of a Physician, of whom
hundreds of like cases are cited during a prac-
tice of more than fifty years.

Dr. DOHERTY—Dear Sir: I feel my health so fully
restored, that in common gratitude, I believe I
should make you some written acknowledgment
for your valuable services—particularly as your fee
was small for the work performed.

I arrived in this city from the East about one year
ago, and was suffering from an old case of
Gleet, complicated with Stricture. Being a stran-
ger in this city, and believing those Doctors who
gave such positive assurances of success were neces-
sarily the best, I consulted one of them (name of
titles). I placed myself in their charge and con-
tinued under their treatment until I had lost nearly
all hope and a considerable sum of money.

I wish to say that you are the sixth Doctor
I have employed, and the only one that has ever
done me any service. My Gleet is wholly cured,
the stricture is all removed, and my general health is
better than it has been for years.

In conclusion, I would say to the many unfortun-
ates who require medical advice, if you have any
idea what you are doing, consult Dr. DOHERTY
for my address and call and see me. (I keep store
in this city.) My experience may save you many
dollars.

I would also add that in the early stage of my
disease I used a large amount of the preparations
advised as an infallible cure for Gonorrhea, Gleet,
etc., but never derived any benefit from them.

I am, Doctor, very truly yours,

**Seminal Weakness—A Sworn-to Certificate of a
most Remarkable Cure of Spermatorrhea.**

A desire to benefit humanity, and a feeling of
gratitude to Dr. W. K. DOHERTY, induce me to
make this statement. For many years I have
been afflicted with that fearful disease known as
"Spermatorrhea," or Seminal Weakness, the result
of self-abuse, but which I experienced, but little
trouble or inconvenience. In that year however, I
had Seminal Weakness to an alarming extent,
which was soon followed by the most alarming
symptoms of the disease. The back and limbs, pain
in the head, dimness of vision, nervousness and
general debility. My mind, too, was affected to
such an extent as to seriously impair my memory;
my ideas were confused, and my spirits depressed. I
was averse to society, had evil forebodings and self-
distrust, and was entirely unable for any of the
duties of life. From 1880 to the summer of 1883, I
employed the best medical talent I could find,
and spent several hundred dollars, but in no in-
stance obtained more than temporary relief. I had
been convinced there was no relief for me in this
world, but seeing Dr. DOHERTY's advertisement, I
thought I would call and see him, as he charged
nothing for consultation. I had an interview with
Dr. DOHERTY at his office, in Sacramento street, and
his fee for treatment was so reasonable, I deter-
mined to try him, though I did not expect much
benefit from his treatment. On the 5th of Decem-
ber, I placed myself under his care; in one week
I found myself very much improved, and, after
five weeks' treatment, I feel myself thoroughly
cured of all my troubles, and in the enjoyment of
the best health I have ever known. I am now
of benefit to others similarly afflicted. I sub-
scribe myself

Subscribed and sworn to before me, this 16th day
of January, A. D. 1884.

To Females.
When a female is in trouble, or afflicted with
diseases as weakness of the back and limbs, pain in
the head, dimness of vision, nervousness, palpita-
tion of the heart, irritability, nervousness, ex-
cessive urinary difficulties, derangement of diges-
tive functions, general debility, vaginitis, all dis-
eases of the female system, etc., etc., and all other
diseases peculiar to females, they should go to write
once to the celebrated female doctor, W. K. DOHERTY,
at his Medical Institute, and consult him about
their troubles and disease. The Doctor is offering
more cures than any other physician in the State
of California; let no false delicacy prevent you
from immediately and save yourself from
painful suffering and premature death. All Mar-
ried Ladies whose delicate health or other circum-
stances prevent an increase in their families should
write or call at Dr. W. K. DOHERTY's Medical In-
stitute, and they will receive every possible relief
and help. The Doctor's offices are so arranged
that he can be consulted without fear of observation.

To Correspondents.
Patients residing in any part of the State, how-
ever distant, who may desire the opinion and ad-
vice of Dr. DOHERTY on their respective cases, and
who think proper to submit a written statement of
such, in preference to holding a personal inter-
view, are respectfully assured that their communi-
cations will be held most sacred, Dr. DOHERTY
takes this opportunity of observing, that all letters
are only opened and replied to by himself, and the
latter as promptly as possible. The Doctor is offering
more cures than any other physician in the State
of California; let no false delicacy prevent you
from immediately and save yourself from
painful suffering and premature death. All Mar-
ried Ladies whose delicate health or other circum-
stances prevent an increase in their families should

stitute, and they will receive every possible relief
and help. The Doctor's offices are so arranged
that he can be consulted without fear of observation.

**PRIVATE DISEASES IN MALES AND IRREGU-
LARITIES IN FEMALES** are the great destroyers
of health. They insidiously attack the system and
gradually undermine and destroy it; they drive the
blood from the cheek, the heat from the eye, the
strength from the frame; they give to the world pale
and diseased offspring, and poison, through ex-
cessive generations, the race of
